

Research Explored!

Win an iPad Mini

Presented by the College of Engineering, Architecture and Technology

Calling all researchers in the College of Engineering, Architecture and Technology. You have been given the opportunity to participate in Research Explored! Show us your innovative research in a 2-5 minute video, which will be used in promotion of the college.

The Associate Dean of Research and Sponsored Programs will select one winning submission to receive an iPad mini at the end of Research Week.

To compete, upload a short video (2-5 minutes) to the college's Facebook page during Research Week. The selected iPad mini recipient will be announced February 25, 2014.

Requirements:

- Must be a student or Faculty member of OSU College of Engineering, Architecture and Technology
- Must mention your name, department and research area/topic
- Video must be posted during Research Week, which is Feb. 17-21, 2014
- Separate videos per person allowed if covering more than one research area
- One Powerpoint slide maximum

Submissions will be used in several promotional areas for the college. When uploading, be sure to tag OSU Research.

The Facebook page to upload your video to is **Oklahoma State University Engineering, Architecture and Technology** (<https://www.facebook.com/CEATatOKSTATE>)

If you do not have a Facebook account to submit through, please send your video file to wravenna.bloomberg@okstate.edu and it will be posted for you.

We look forward to seeing all the wonderful research happening in the college!
